WHY THE RD6

BUILT TO WORK. MADE TO SAVE.

The most affordable way into the all-electric RD6 lineup: a genuine dual-cab pickup, available in Jamaica exclusively through Tyre Warehouse Automotive.

01 ECONOMY

Consumption from around 17 kWh/100 km, a fraction of the running cost of a comparable diesel pickup.

02 POWER

370 HP (276 kW) and 595 N·m sent to all four wheels for instant torque, no gear changes, and no turbo lag.

03 LOADING CAPACITY

A 1,200-litre bed, up to 1,050 kg payload, and 3,000 kg braked towing capacity for work or play.

04 MANEUVERABILITY

A 6.1 m turning radius makes the RD6 easier to place on tight job sites and narrow Kingston streets.

05 SAFETY

An integrated skeleton body built with 66% high-strength steel, engineered for real-world durability and crash protection.

INSIDE AND OUT

COMFORTABLE CAB. TOUGH FRAME.
